Senior Product Designer

EXPERIENCE

Meta Senior Product Designer

Menlo Park, CA / 2024 - 2026

- Led interaction design for Marketing Messages, Meta's O-to-1 messaging product, owning end-to-end flows across creative creation and customer conversations.
- Designed and shipped several core experiences across the product, including a message setup redesign supporting multiple text variants that lifted CTR +3.02%.
- Set product direction in partnership with cross-functional leads, driving new capabilities including generative AI that increased adoption across Meta's ads ecosystem.

Walmart Senior Product Designer

Remote / 2021 - 2024

- Led design for Seller Acquisition and Seller Communications in Marketplace's Seller Center, the B2B admin console thousands of sellers use to onboard and manage their storefronts.
- Redesigned seller onboarding and communications, including a homepage redesign that lifted NPS +12.

American Airlines Product Designer

Dallas, TX / 2021

- Reworked the Choose Flight booking journey through cross-team design workshops, reshaping how travelers compare and select flights.

Paycom Product Designer

Dallas, TX / 2020 - 2021

- Designed the Expense Management experience in Paycom's HR platform, from how employees submit expenses to how managers review and approve them.

MC2 Experience Graphic Designer

Los Angeles, CA / 2018 - 2020

- Designed AR-based interactive experiences and creative campaigns for brands including Toyota, Tesla, and Mullen, from concept to production.

Earlier Design Roles

Los Angeles, CA / Seoul, Korea / Shanghai, China / 2013 - 2018

- Experiential, retail, and brand design for Samsung, Hyatt, and Ritz-Carlton at Olympia USA, Interface Korea, and Riviera Events.
